

PROJECT REBEL MIDTERM CODE REVIEW

Seth Thaelke & Grant Haataja

March 4, 2020

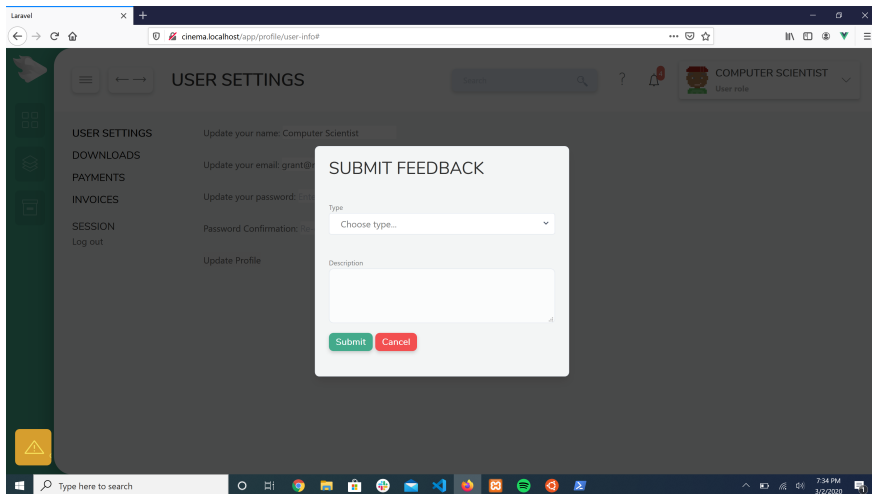

A SIMPLE REQUEST EXAMPLE

LARAVEL VALIDATION

```
1 public function update(User $user, Request $request)
2 {
3     //go to the User Model and pass in the request for
        the model to update the user profile
4     $validatedData = $request->validate([
5         'name' => 'required|min:3|max:70',
6         'email' => 'email',
7         'password' => 'confirmed|min:6|max:24',
8     ]);
9
10    $user->updateProfile($validatedData);
11
12    //return the updated user back to the UserInfo Vue
        component
13    return response()->json($user);
14 }
```

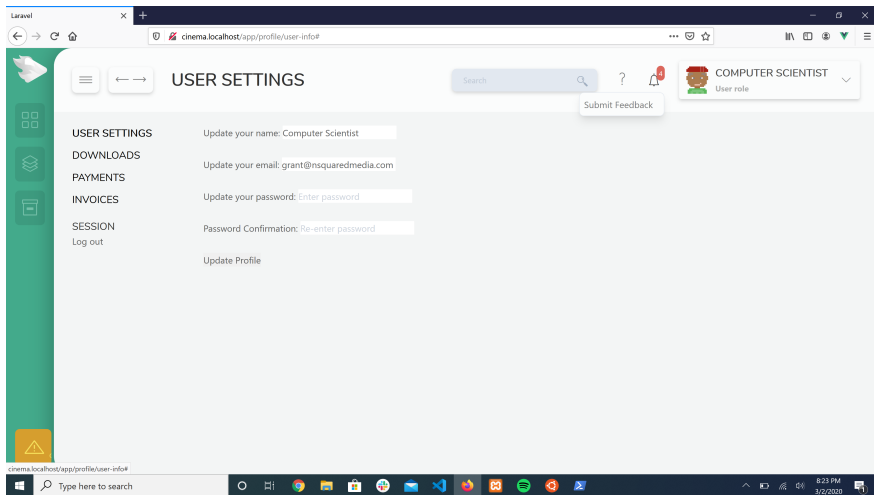

DIFFERENT IMPLEMENTATIONS

DIFFERENT IMPLEMENTATIONS CONT.

```
1 <script>
2 export default {
3   methods: {
4     closeModal() {
5       this.$root.$emit("close-modal");
6     },
7   },
8 };
9 </script>
```

DIFFERENT IMPLEMENTATIONS CONT.

DIFFERENT IMPLEMENTATIONS CONT.

```
1 <script>
2 import { mixin as clickaway } from 'vue-clickaway';
3
4 export default {
5   mixins: [ clickaway ],
6   template: '<p v-on-clickaway="away">Click away</p>',
7
8   methods: {
9     toggleHelp() {
10       this.showHelp = !this.showHelp;
11     },
12     away() {
13       if (this.showHelp === true) {
14         this.toggleHelp();
15       }
16     }
17 </script>
```

MOVING FORWARD

- Product launch goal of March 31
 - Two week-long private betas mid-March
 - This week focusing on small improvements
 - Coming up: bug squashing
- Working to improve functionality and finalize certain elements

MOVING FORWARD CONT.

The screenshot shows a web browser window with the Jira Agile board for the 'Cinema' project. The left sidebar contains navigation links: Roadmap, Backlog (selected), Board, Releases, and Cinema Repo. The main area displays the 'Backlog' for 'CN Sprint 10' with 14 issues. The issues are listed with their IDs and descriptions, and are grouped by category: PAYMENT SYSTEM, DESIGN / UI, WEB APP TOURS, and DESIGN / UI. The issues are: CN-298 (checked), CN-286, CN-356, CN-346, CN-355, CN-363, CN-257, CN-339, CN-357, CN-348, CN-353, CN-360, CN-351, and CN-323. The bottom of the board shows a '+ Create issue' button.
